Notes for completing the Work for Shares Claim Form

General Information

1. The minimum claim value for digging is £100.00
2. Payment will be made by BACS transfer
3. It is understood that the claimant will purchase shares in B4RN to the agreed value or higher

Description of Works

4. Your build group is the Parish in which the works are carried out. You can always ask the local champion to confirm this with you. E.g. Quernmore.
5. Chambers are identified by a two or three letter code and then followed on by the route and chamber number combination. E.g. **QR101** is Quernmore Route 1, Chamber 1.

Payment rates for work carried out

6. Installation of ducting £1.50 per metre installed
7. Installation of Access Chambers
 - a. Large £50.00 each
 - b. Small £25.00 each
8. Other works outside of the above scope must be pre-approved by the B4RN office before they are undertaken. This can include road crossings, wall crossings, or anything site specific that you wish to bring to our attention.
9. Alternatively, if the work has been done by a third-party contractor we will pay against their invoice. Please discuss the payment of the bill if VAT is involved as B4RN can reclaim VAT.

How the process works

Please complete the claim form (above) and have it approved by your build champion. Route and chamber numbers need to be included on this form. If you are VAT registered, you will need to send us a VAT invoice (B4RN will claim VAT back in the usual way).

Once approved by your build champion, please return the form to us along with your share application form and a cheque (payable to Broadband for the Rural North Ltd).

On receipt of all the documents, and after authorisation by B4RN, we will pay you to the value of the invoice or work for shares claim form. Only then will we present your cheque for payment.

You will receive your share certificate. Shares must be held for a minimum of three years under B4RN's rules.
